DISPLAY RULES AND REGULATIONS

Standard Indoor Booth: (10' x 10')

Standard Outdoor Booth: (30' wide x 50' deep)

Height: Exhibit fixtures, components, and identification signs will be permitted to a maximum height of 8'3". If a portion of an exhibit booth extends above 8'3" high, the exhibit booth background will detract from the overall impact of the exhibit directly behind that booth, regardless of how the offending exhibit is finished.

Depth: All display fixtures over 4 feet in height and placed within 10 lineal feet of an adjoining exhibit must be confined to that area of the exhibitor's space which is at least 6 feet from the aisle line. Each exhibitor is entitled to a reasonable sight line from the aisle regardless of the size of the exhibit. Exhibitors with larger spaces - 40 lineal feet or more - should be able to effectively use as much of the total floor space as possible, as long as they do not interfere with the rights of others. The limitation on display fixtures over 4 feet and within 10 lineal feet of a neighboring exhibit is intended to accomplish both these aims.
